

GET CONNECTED

Carolina eHealth Network is the statewide, physician-led health information exchange delivered in partnership with the South Carolina Medical Association.

This health information network allows connected physicians, hospitals and other providers to share patient information, employ powerful analytic tools designed to help improve clinical outcomes, reduce inefficiencies, and positively impact patient safety.

“As a practicing physician connected to CeHN, one can expect improved data flow and data availability at the point-of-care with less time spent tracking down information, making both the EHR experience and patient experience better.”

Gregory Tarasidis, MD
HIE Advisory Committee Chairman

Why Carolina eHealth Network?

Carolina eHealth Network is the physician-led health information exchange delivered in partnership with the South Carolina Medical Association.

SECURE EXCHANGE OF PHI

Digital transfer of personal health information is secure.

MORE COMPLETE PATIENT RECORD

Helps improve patient encounters and health outcomes while avoiding duplication of labs and tests.

ANALYTICS

Provides participants access to secure analytic dashboard and report services to support improved outcomes, quality reporting, and reimbursements.

DIRECT MESSAGING

Secure messaging between physicians and between physicians and their patients.

TIMELY & EFFICIENT

Efficiencies of scale – information goes into the HIE once and is universally available to participating members of the healthcare team.

PATIENT ENGAGEMENT

Meets the requirement to provide patients an ONC-certified patient portal that offers 24/7 access to their longitudinal health record.
